STAT

I spoke with OBC
about this and ~~they~~ he agreed
that a kind of non response
is appropriate. He said
that OBC typically does
this in concert with us.
He suggested that I send
him copies of documents
and he will coordinate
with us. I'll send him my comments
I'll keep tabs to
ensure it doesn't linger.

Per your & my conversation
on 2/2, I asked OL to provide
us something in writing for
our records as to why we should
not respond to the Exec Order on
Commercial Activities. Harrip's
response is attached.
Can we talk about whether
we need to respond in the negative

1. ADDA EXA/DOA 7D18 Headquarters		08 FEB 1988		CS	<p>OL has reviewed the requirements contained within subject Executive Order. To comply as directed would expose sources and methods, placing the Agency in a compromised security posture. Therefore, OL recommends noncompliance based upon the provisions the CIA Act of 1949.</p> <p>Nevertheless, OL is concentrating its efforts towards the spirit of the Executive Order and will actively pursue commercial contracting with the private sector. To the extent practical, based upon operational requirements, the mission of the office, and cost savings, OL's initiatives will parallel the President's Management Improvement Program; Reform '88.</p>
